

Integrative Esthetician Certificate Program Welcome Guide

Welcome to the IECP!

Congratulations on taking this next step in your journey.

We are excited and honored to learn with you, as we expand our toolkits with like-minded colleagues who are passionate about whole-client care.

The LearnSkin Integrative Esthetician Certificate Program was specifically created for estheticians and practitioners like you who wish to learn more about integrative approaches to skin care. We'll be covering everything from mind-body approaches for skin health, to Ayurveda and botanicals. We've structured the program to ensure convenience as well as a thorough, practical, evidence-based learning experience.

Your Role in the IECP

1

Complete program modules and quizzes.

2

Participate in discussion post activities and connect with colleagues.

3

Attend the live virtual sessions and case discussions. Recordings will be made available for those who have a pre-existing conflict.

4

Submit a final case study.

5

Receive certificate of completion upon graduation.

6 *(Optional)*

Attend the Integrative Esthetician Track at the IDS.

Getting Started

The program includes both self-paced online modules along with live virtual meetings and case discussions.

We highly encourage your attendance at these sessions to explore the material in more depth, review case studies, and share best practices. Bring your questions and engage with your classmates and faculty. Calendar invitations will be shared by email.

Recordings will be made available on the IECP platform afterward.

We've created an **IECP Essential Reference Guide to Skin Physiology** to provide a basic review of skin anatomy and physiology.

Don't see a module or lesson topic you would like to learn more about?
Submit recommendations to courses@learnskin.com.

Course Materials and LearnSkin Membership

You will begin having access to the IECP online platform within 24-48 hours of enrollment. If you run into any issues, please let our team know at courses@learnskin.com. Our tech team and coordinators can assist most hours of the day.

LearnSkin Premium Membership (a \$499 value) is included in your tuition. Your account will automatically be upgraded at the time of enrollment.

The Integrative Dermatology Symposium (IDS) hosts an Integrative Esthetician Track (IET). Your enrollment includes complimentary registration to the IET where you can expand on what you learn during IECP and meet with classmates and other like-minded professionals. We'll be hosting a networking event for students across our certificate programs, and welcome you to attend! [Click here](#) to register using code **IECP2024** and learn more.

We look forward to working with you. Feel free to reach out to us if you have any questions.
